

## Next-level meetings, anywhere

Take connectivity to the next level with best-in-class voice, audio, video, and presentation experiences from accessories certified for Microsoft Teams. Our accessories enable seamless collaboration and reliable meeting experiences to help employees stay focused, stay connected, and be more productive wherever they work.

### Better meetings and collaboration

Effortlessly advance slides, never be told “you’re on mute,” turn any room into a conference room...every accessory certified by Microsoft Teams has been tested to rigorous standards to enable flexible, rich, and more reliable ways to meet, present, and connect.

### Certified by Microsoft Teams

Whether on the go, at home, or in the office, accessories that are certified by Microsoft Teams help your team work anywhere with confidence and tools you can trust.

# Next-level meetings, anywhere

## Move beyond presenting

### Microsoft Presenter+

Present, participate, and engage in meetings, in person or online, with the push of a button. Advance slides, focus audience attention on key content, and quickly mute/unmute. Microsoft Presenter+ takes presentation to the next level.

## Say hello to a better call experience
