STELLR CONNECT FAQs

How do I start receiving benefits through the SYNnex Stellr Connect Partner Benefits Program?

To be eligible for benefits in this program, you just need to be a SYNnex transacting partner! In order to receive incremental benefits in Connect+ and ConnectX, partners must meet tier qualifications to unlock those benefits. To start taking advantage of benefits today, please complete the member [partner sign-up sheet](#) available on our website. Our community team will reach out to you once the form is completed to discuss how to get started and the next steps to start taking advantage of your member benefits.

Who should I contact if I have questions about my benefits?

Please reach out to a community team member and/or email stellrconnectcanada@synnex.com.

What information will I need to complete in order to access Connect+ or ConnectX benefits?

After you have completed the initial sign-up sheet and our internal team has assured you qualify for higher tiers, you will need to complete a final member profile. This will give our community team additional insight into your business and the information we need to ensure you get the most out of your experience as a member. This profile will be sent 2-3 business days upon receipt of your initial sign-up request, and will come from one of our community team members via our community alias, stellrconnectcanada@synnex.com.

How do I move up to a tier with greater benefits?

Partners must reach certain targets in monthly recurring revenue to qualify for Connect+ or ConnectX, and those targets will be evaluated at the beginning of each calendar quarter. If you believe you qualify for a higher tier, please contact stellr@synnex.com.

As a Connect member, how can I access my discount for Global Knowledge training courses and the professional services offerings?

Please reach out to our SERVICESolv team at CanadaFieldServices@SYNNEX.com
