SYNNEX CANADA

SYNNEX CANADA

ISV·EXPERIENCE

> *Gain visibility and generate demand for Independent Software Vendors and Reseller Partners.*

ISVs are uniquely positioned to influence and benefit from rapid growth in cloud adoption.

SYNNEX Canada's ISV Experience is a program created to give visibility and generate demand for Independent Software Vendors (ISV) and Resellers partners. The program's purpose is to help you to have a compelling approach to drive more sales by focusing on your customer's needs. From new platforms to better showcase your solutions to an exclusive program path which SYNNEX will support you to build your offer.

Based on **seven solutions**, this program will take your business to the next level.
