

149% MORE Screen Space

Maximum Productivity

Finally, an oversized monitor to match your oversized workload.

The ViewSonic® VX4380-4K monitor delivers an expansive productivity-boosting screen perfect for finance, security, document editing, CAD/CAM and more. How expansive? The VX4380-4K provides 82% more screen space than standard 32-inch monitors, and a whopping 149% more screen space than standard 27-inch monitors*. But that's not all:

- Huge 43-inch screen with 4K Ultra HD resolution delivers 4x more pixels than Full HD 1080p for easy-to-read graphs, charts, and documents
- MultiPicture™ functionality allows you to connect up to four input sources for simultaneous viewing and multitasking
- Picture-in-Picture (PIP) and Picture-by-Picture (PBP) functionality for increased productivity
- For single-source users, exclusive ViewSplit™ software enables you to divide your screen into multiple customizable zones
- DisplayPort, Mini DisplayPort, HDMI inputs, and high-speed USB ports give you the freedom and flexibility to connect to a variety of devices.

*Based on actual viewable areas measured diagonally across screen: 43" (42.5" viewable area), 32" (31.5" viewable area), 27" (27" viewable area).
