Subject: Ontario Electrical and Electronic Equipment Recycling Program

Dear Valued Customer:

The Resource Productivity and Recovery Authority (“RPPRA”) has launched the new Ontario Electrical and Electronic Equipment (EEE) recycling program in January 1, 2021. Under the program, suppliers / vendors defined as “Producers” of EEE will be individually accountable and financially responsible for collecting and reusing, refurbishing or recycling their obligated products when consumers discard them.

SYNNEX Canada Limited (“SYNNEX”) has engaged Electronic Products Recycling Association (EPRA), a producer responsibility organization (PRO), to assist SYNNEX in fulfilling its producer obligation.

Effective **May 3, 2021**, based on the attached fee schedule, SYNNEX will charge the Ontario Electronic Handling Fee (“EHFO”) on obligated products supplied to Ontario. However, if your company has entered into an EPRA operating arrangement (“RA”) with SYNNEX, then we will exempt the EHFO on the EEE covered under the RA when invoicing your company. Any EEE product purchased from SYNNEX is considered to be covered under the RA unless its brand is listed in the attached Product Brand Exception List. We will update the Product Brand Exception List and communicate to you from time to time.

To find out more about Ontario's EEE Program, please visit RPPRAs' website at <https://rprra.ca/programs/electronics/>, email info@rprra.ca, or call toll free at (888) 936-5113.

Should you have any further questions, please contact the undersigned.

Yours truly,

Miranda Zhang, CPA, CA.

Controller
SYNNEX Canada Limited
