

A Better Way to **Secure Your Access Network**

Aerohive A³ is the first enterprise-grade Network Access Control (NAC) solution that can be managed from the cloud, and it:

- **Protects the access network** from security threats and breaches, from inside and outside the organization
- **Controls and secures all devices on the network**, including standard wireless and wired clients, IoT and BYOD
- **Offers a complete feature set**, including secure onboarding, 802.1X authentication, guest management, access control, device profiling and IoT security

For a limited time, **save 65% on a 3-year and 5-year A³ subscriptions** and receive Virtual Appliance and High Availability options for FREE!

Speak to your Aerohive representative for full details.
