

# Speed your transformation to the New Style of Business

## HPE Accelerated Migration<sup>1</sup>

**HPE Financial Services** can help customers find new ways to plan for, acquire, consume and adapt the technology systems needed for business transformation.

### HPE Accelerated Migration

Is the cost associated with maintaining legacy IT systems holding back your transformation? HPE Accelerated Migration can help your organization transform your data center with minimal disruptions to your current environment.

HPE Financial Services can work with you to align finance and business goals, speeding your technology transition to the New Style of Business, regardless of what path that might be—cloud, hybrid cloud, mobility, security, big data or converged infrastructure.

### How does it work?

1. Contact your HPE Financial Services specialist to assess your IT needs
2. Convert IT equipment from ownership to a flexible consumption model
3. Establish IT renewal cycles to begin your technology migration
