

Accelerate plans to modernize your server technology

HPE Technology Refresh for Computing¹

HPE Financial Services can help customers find new ways to plan for, acquire, consume and adapt the technology systems needed for business transformation.

Businesses are increasingly looking to IT as a source of growth and differentiation. Investment in IT Solutions for the New Style of Business are driving IT spending growth. However, many CIOs of small and mid-size businesses don't have the right IT resources to meet business demands.

New advancements in HPE Server solutions present an excellent opportunity to improve the efficiency of your data centers and operations through greater computing capacity and faster performance and service delivery. How can you take advantage of new technology while staying on target with your current priorities?

A flexible IT Investment strategy can help you accomplish more, on-time and within budget. HPE Technology Refresh for Computing program, can help make it easier to acquire, easier to manage and refresh HPE Server solutions.

Easier to acquire

- Modernize your server infrastructure without sacrificing your other IT goals
- Conserve cash and save 10% – 15% over 3 or 4 years
- Simplify with low monthly payment options that include hardware, software and services

¹ Certain terms and conditions may apply.

Easier to transform

Keep applications running on legacy servers while you transition to newer server solutions. Avoid delays or disruptions.

- Defer monthly payments up to 90 days or
- Sell us your existing servers, extract value and convert to a monthly payment plan

Avoid tying up cash needlessly so that you can be better prepared for changes. Acquire up to 12 months of planned server capacity in advance, but pay for it as you deploy it.

Easier to manage and refresh

We will help you manage the lifecycle of your server investments. You and your staff can focus on higher priorities.

- We will start planning your next upgrade or extension 120 days before the end of term
- We can take care of packing, shipping and secure disk wiping services²
- You choose your term and when to extend it

A proactive technology refresh program will enable you to expand and upgrade sooner and more effectively with greater efficiency.
