This image contains text about the future of IoT at TD SYNNEX. It highlights the market size, growth in IoT devices, data generated by IoT, and the percentage of businesses using IoT technologies. The text also mentions the collaboration between Intel and partners for taking advantage of upcoming opportunities. The data points are sourced from various references. The text concludes with a message about the explosion of acceleration across various industries and an invitation to help continue growth and expansion.
More and more, every aspect of humanity is coming online and coming to the digital foundation that we uniquely build and deliver.

Pat Gelsinger
Intel CEO

STELLR COMMUNITY RESELLER INCENTIVE
