

# Surface for Healthcare & Life Sciences

Focus more attention on your patients.

Surface empowers providers and reps with instant access to the information and resources they need to be more productive and provide better patient care.

## Maximize Clinician Efficiency

With continual scrutiny on escalating medical costs, healthcare providers have to balance business efficiencies with building patient relationships. Equipped with Surface, physicians and nurses now carry one device wherever they go.

Eliminate the delays of logging into multiple devices throughout the day

Capture electronic signatures or write progress notes with the Surface Pen<sup>1</sup>

Run the desktop software you rely on along side touch friendly apps

Sanitize with many standard hospital disinfectants

## Empower Home Healthcare

Home health workers are constantly on the move and must work productively in any environment—their home, the office, their patients' homes, or elsewhere. Fortunately, Surface is up to the challenge.

Convert from tablet to laptop with the built-in Kickstand and keyboard covers

Long battery life supports extended hours away from the office

Durable construction with solid case and optically bonded display

Security features like Bitlocker, TPM, and Secure Boot help keep protected information secure

The most productive devices for business

<sup>1</sup>Surface Pen comes with Surface Pro and Surface Book. Sold separately from Surface 3.

## Supercharge Pharma Sales

Pharmaceutical sales reps already juggle daunting quotas, less face time with physicians, and carloads of product samples. Surface gives them one less thing to manage in their busy day.

Form factor versatility (tablet, laptop, and desktop)

Integrated Kickstand and touchscreen facilitate engaging customer presentations

Surface Pen captures electronic customer signatures on the spot

Ports and docking options make it easy to connect to peripherals and transfer files

*"With Surface, when I walk in a room, I am ready and engaged with that patient. I can have four active charts open at the same time. On average, we can probably see two more patients a day."*

- Dr. Nick Patel, Palmetto Health

## Accessories

### Ergotron cart

Simple Design: A no-fuss fixed-height cart without extra features and accessories you don't need, it's a breeze to assemble in just three easy steps.

### Trident Case

Built for durability and superior protection, mobile sleeves—like the Incipio Capture case w/ convenient 360-degree rotating handle and adjustable strap—provide peace of mind in the healthcare world.

### Ergotron Charging Cabinet

Store and charge any mix of Surface devices in this charging cabinet. With adjustable bays you can store up to 12 devices.

## Software
