

## Microsoft Accessories for Hospitality

Hospitality teams must adapt to changing demands around health and safety in a challenging business environment. Help them do it more productively, comfortably, and safely with innovative Microsoft Accessories. Choose from keyboards with programmable keys, ambidextrous mice, adapters, webcams, and more. Best of all, our accessories easily integrate with Windows 10 devices and Microsoft 365 apps, as well as a variety of non-Microsoft devices.

### Be productive and work securely while protecting sensitive data

Hospitality is facing unprecedented challenges: higher expectations around safety, demand for contactless check-in and check-out procedures, online meal ordering, and more—all while delivering on high expectations for outstanding guest experiences. Microsoft Accessories can help, with accessories that improve productivity, speed up order and pickup processes, and keep workers comfortable while standing up to all-day use.

#### Comfort and ergonomics

Innovative, modern PC accessories from Microsoft give hospitality workers the freedom to work in a way that's most comfortable for them.

- Ergonomic keyboards reduce strain by keeping hands, wrists, and arms at more comfortable, natural positions.
- Ambidextrous mice support the hand and provide just the right amount of surface area for the palm and fingers to rest.

#### Productivity and collaboration

Empower hospitality teams to be more productive with Microsoft Accessories that help them do their best work and collaborate from virtually anywhere.

- Webcams, wireless display adapters, and tools for collaboration on the go.
- Lightweight, compact mice for fast, smooth tracking and precise navigation.
- Built-in shortcuts—including dedicated Office 365 keys and easy-access media controls and apps—for increased productivity.

#### Security and compliance

Keep information private and adhere to regulatory requirements with security features such as Bluetooth® and Advanced Encryption Standard (AES) technologies.

- Secure Bluetooth and AES keyboards encrypt keystrokes prior to transmitting to a PC or other device.
- Random data generation and unique identifiers for each transmission help prevent sophisticated attacks.

## Comfort and ergonomics

**Microsoft Bluetooth Ergonomic Mouse**  
22B-00001

Work in comfort all day with our premium wireless ergonomic mouse. Navigate precisely and access your most-used features with three programmable buttons.

**Microsoft Ergonomic Desktop**  
RJY-00001

Reduce fatigue with a slim, refined design featuring split keyboard, improved cushion and palm rest, and time-saving dedicated shortcut keys.

The durable and lightweight mouse delivers an optimized scrolling wheel for precise web and document navigation, and two programmable buttons.

## Productivity and collaboration

**Microsoft 4K Wireless Display Adapter**  
UTH-00001

Discover the strong, reliable way to project your content, photos, and videos on the big screen with the Microsoft 4K Wireless Display Adapter.

**Microsoft LifeCam Studio**  
Q2F-00013

Enjoy a superior HD video quality with the LifeCam Studio, which includes a 1080p HD sensor. Use the built-in High-Fidelity Microphone to bring it all together: the vivid sights, colors, and sounds of real life.

## Security and compliance

**Microsoft Wireless Desktop 850**  
PY9-00001

Enjoy the freedom and convenience of wireless technology featuring AES technology to help protect your information.

**Microsoft Bluetooth Mouse**  
RJR-00001

Meet your new go-to mouse for precise scrolling and navigation across documents and websites. The modern, compact design fits comfortably in your hand and makes it easy to be productive on the move with smooth tracking on most surfaces.
