

# Meet Microsoft Surface Go 3

Full-access flexibility for your frontline

Serve your customers better on the frontline. Faster, ultra-versatile, and always-connected **Surface Go 3** delivers compact tablet-to-laptop flexibility for work on the go, now with more speed from the Intel® Core™ i3 Processor, built-in Microsoft security, and optional LTE Advanced.<sup>1</sup>

## Designed for work on the go

Speed through tablet-and-digital pen tasks with touch and Surface Pen.\* Tune in to virtual meetings and how-to videos with the 10.5" PixelSense™ Display. **Surface Go 3** is compact and delivers all-day battery life<sup>2</sup> for work on the go.

## Your connection to customers

**Surface Go 3** enables you to keep customer lines of communication open with a faster processor, stable connectivity with optional, secure LTE Advanced, fast Wi-Fi 6, and seamless interactions with essential Microsoft 365 apps.\*

## Flexibility for every task

Frontline workers need flexibility to get the job done, whether by handwriting notes on screen or capturing photos in Tablet mode, typing field reports in Laptop mode, or doing an offsite video consult in Microsoft Teams.\*

## Deploy, manage, and stay secure from anywhere

Keep data safe while staying compliant and secure with built-in security and modern management. Reduce complexity for IT with zero-touch deployment, one-click device manageability, and protection from Microsoft.

Surface Go 3 with LTE Advanced is a pre-release product and features are subject to change and may vary by country/region. Products and features subject to regulatory certification/approval; actual sale and delivery is contingent on compliance with applicable requirements.

### Disclaimer

\* Sold separately.

<sup>1</sup>System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See [Surface Storage](#) for more details.

<sup>2</sup>Surface Go 3 battery life: Up to 11 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2021 using preproduction software and preproduction configurations of Surface Pro 8. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22000.9 (21H2). Battery life varies significantly with settings, usage and other factors.

<sup>3</sup>Requires license or subscription to activate and use.

<sup>4</sup>Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businessinfo>.

<sup>5</sup>Surface Go 3 with LTE Advanced is coming in 2022. Visit [surface.com](https://surface.com) for updates on availability in your market. Availability may vary by market and configuration.
