

\$86 BILLION TO SCHOOLS

SECURE WIRELESS GUARDIAN WITH CARE ACT FUNDS

For Immediate Release: March 8, 2020

With Wireless Guardian in 150+ schools and testing over 100,000 students per day for diseases, weapons, explosives, and stolen objects, the technology has proven effective in re-opening schools and facilities safely using CARES Act funding.

With the approved 1.9 trillion CARES II Act announced this week, Wireless Guardian COVID-19 Thermographic and Security Solutions offer purchasing vehicles for state, federal, and non-profit entities to buy via their preferred vendor in any state via the GSA Schedule, NCPA Contract, and Equalis Group.

GET KIDS BACK TO SCHOOL WITH THE CARES CREDIT

State and Federal entities: courthouses, city halls, post offices, law enforcement, military bases, etc. and Non-Profits entities: hospitals, schools, and universities.
