The financial experts at SYNNEX enable you to spend less time worrying about financing and more time focusing on strategic planning and closing profitable business.

### Virtually Unlimited Credit

SYNNEX® RISE gives you the financial and procurement resources to confidently seek bigger deals or pursue deals more frequently. We have credit expertise in a variety of markets, including FED/SLED, SMB, and commercial to enable your TAM expansion. With this proven setup, RISE customers procure twice as much than they would with net terms, flooring, and escrow accounts. You'll also enjoy powerful logistics tools and simplified purchasing and shipping.

### Pay-on-Pay Terms

Now you can focus on strategic planning and closing business by worrying less about when your customers will pay relative to when your SYNNEX invoice is due. With SYNNEX® RISE, you get pay-on-pay terms that sync your end user payment with your invoice from SYNNEX. These repayment terms reduce your float risk and allow you to devote more resources to driving maximum success.

We do the work, but you call the shots! All the invoicing and follow up activity is in your name and brand. Our team allows you to leverage your AR resources and limit the need for added headcount. This added support frees you to scale your business at a manageable pace.
