SYNNEX Strategy in Relation to Taxation

In September 2016, the Parliament of the United Kingdom (“UK”) enacted Finance Act 2016 (the “Act”). Among other things, the Act requires that businesses of a certain size within the United Kingdom publish a Tax Strategy Statement (“Statement”) disclosing (a) the approach of the group to risk management and governance arrangements in relation to UK taxation, (b) the attitude of the group towards tax planning (so far as affecting UK taxation), (c) the level of risk in relation to UK taxation that the group is prepared to accept and (d) the approach of the group towards its dealings with Her Majesty’s Revenue and Customs (“HMRC”).

This strategy applies to SYNNEX Corporation and to the affiliated UK group of companies in accordance with paragraph 19 of Schedule 19 to the Finance Act 2016. A list of the entities to which it applies is set out below. In this strategy, references to ‘SYNNEX’, ‘the Company or ‘the group’ are to all these entities. The strategy has been published in accordance with paragraph 19(2) of the Schedule by being included in SYNNEX Corporation’s investor relations website.

This strategy applies from the date of publication until it is superseded. The Act requires that the Statement cover the following types of tax: income tax, corporation tax, value added tax, amounts for which the company is accountable under PAYE regulations, diverted profits tax, insurance premium tax, annual tax on enveloped dwellings, stamp duty land tax, stamp duty reserve tax, petroleum revenue tax, customs duties, excise duties and national insurance contributions. References to ‘tax’, ‘taxes’ or ‘taxation’ are to UK taxation and to all corresponding worldwide taxes.
